

PRODUCT DESCRIPTION

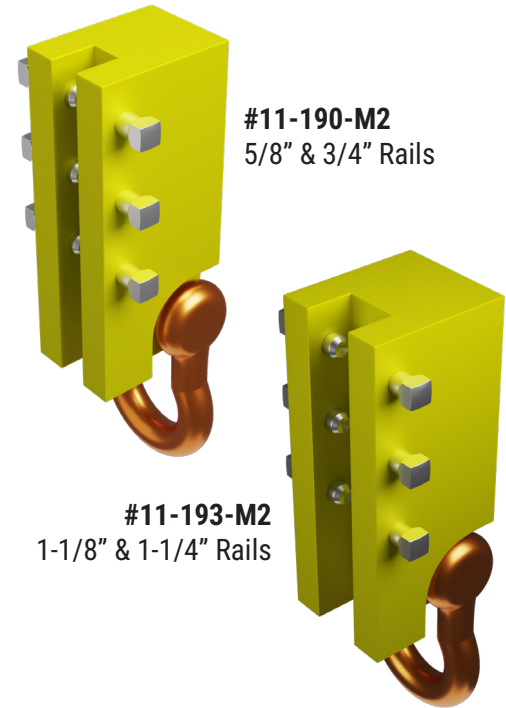

The next-generation **M2 Rail Block Series** features lighter, more compact designs with the same strength and reliability you've come to expect from Wurtec rail blocks.

These blocks deliver a standardized 12,500 lb load capacity, improved handling, and simplified application coverage across multiple rail blade sizes.

- **11-190-M2:** replaces the **#11-190-M** and **#11-191-M** models, covering both 5/8" and 3/4" rail applications.
- **11-193-M2:** replaces the previous wide-blade model (**#11-193-M**) for 1-1/8" and 1-1/4" rail applications.

KEY FEATURES

- 12,500 lb (5,670 kg) rated capacity
- Expanded rail size compatibility over previous models
- Lighter and more compact than previous models
- Field-tested durability
